## PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with hands-on experience designing and building scalable web and mobile applications using Django, Django REST Framework, Next.js, Flutter, and Firebase. Demonstrated expertise in developing end-to-end solutions that integrate secure authentication, real-time features, and intuitive user experiences. Skilled in implementing RESTful APIs, managing PostgreSQL and Firebase databases, and leveraging WebSockets for live interactions.

## EDUCATION

<b>Higher education</b>	<b>2022</b>
Kendriya vidyalaya no 1	Vasco da gama, Goa
<b>B tech</b>	<b>2022-2026</b>
Global Engineering College	Jabalpur, Madhya Pradesh

## WORK EXPERIENCE

<b>Flutter Tech Intern</b>	<b>Jan 2026 – Present</b>
Khwaish	Remote
<ul style="list-style-type: none"><li>Developed and maintained cross-platform mobile application features using Flutter and Dart, following clean architecture and reusable widget practices.</li><li>Integrated RESTful APIs to handle user authentication, data retrieval, and dynamic content rendering across multiple screens.</li><li>Integrated Google Maps for real-time location display, markers, and basic geolocation features to enhance user experience.</li><li>Collaborated with backend developers and designers to debug issues, optimize performance, and deliver features on schedule.</li></ul>	
<b>PROJECTS</b>	

<b>Learning platform (LMS)   Django, WebSockets, TailwindCSS, javascript CSS, html.</b>	<b>Oct 2023 – Mar 2024</b>
<ul style="list-style-type: none"><li>Developed a full-featured Learning Management System offering personalized experiences for students and teachers through secure, role-based email authentication.</li><li>Implemented core modules for course and blog creation, detailed teacher profiles, and real-time commenting using WebSockets.</li><li>Built a complete course catalog and educational marketplace with product listings, wishlists, shopping cart, and order management.</li><li>Designed intuitive dashboards for students and teachers, improving engagement and streamlining learning workflows.</li></ul>	
<ul style="list-style-type: none"><li>Link to video demo:- <a href="#">learning Management System</a></li></ul>	
<b>Flutter eCommerce Application   Flutter, Riverpod, Firebase</b>	<b>Nov 2022 – Mar 2023</b>
<ul style="list-style-type: none"><li>Developed a beginner-friendly eCommerce mobile app with essential online shopping features.</li><li>Implemented email, Google, and Facebook authentication, product search, cart management, and order placement (excluding payment gateway).</li><li>Added seller functionalities including product uploads and personalized dashboards.</li><li>Integrated user profiles, order history, and account management.</li></ul>	
<ul style="list-style-type: none"><li>Link to video demo:- <a href="#">Ecommerce</a></li></ul>	
<b>Full-Stack eCommerce   Next.js, Django REST Framework, PostgreSQL, PayPal Api.</b>	<b>Jun 2024 – Nov 2024</b>
<ul style="list-style-type: none"><li>Built a full-stack eCommerce web app using Next.js for the frontend and Django for the backend.</li><li>Implemented secure user authentication, product and category management, and product detail pages.</li><li>Added shopping cart functionality and PayPal payment integration for a smooth purchase experience.</li><li>Enabled secure communication between frontend and backend via RESTful APIs and token-based authentication.</li></ul>	
<ul style="list-style-type: none"><li>Link to video demo:- <a href="#">Ecommerce with drf and next.js</a></li></ul>	
<b>Multi tenant Content Automation   Next.js, Django REST Framework, celery, redis, PostgreSQL, Stripe.</b>	<b>Dec 2025– Feb 2026</b>
<ul style="list-style-type: none"><li>Architected a multi-tenant SaaS using Django (DRF) and Next.js, supporting isolated workspaces for multiple users.</li><li>Integrated Social Media APIs (LinkedIn, YouTube, X, Instagram) for automated, cross-platform content publishing.</li><li>Implemented Stripe to manage subscription tiers, automated billing, and secure payment processing.</li><li>Developed OAuth2.0 flows to securely authenticate and manage third-party platform permissions.</li><li>Designed a responsive dashboard to streamline content creation and monitor platform analytics.</li><li>Celery for automating the task of publishing in background</li></ul>
